
ABOUT THIS BOOK

Inch by Inch

The inchworm in this story **measures the birds with his body**. What can your child measure with? How many hands wide is your refrigerator? How many hands high is your kitchen table? How many “feet” across is the kitchen?

- **Use other objects** around your home to measure with such as a pencil, the remote control for the TV, or a spoon.
- At the end of the story, the **inchworm inches away, measuring and measuring**. Ask your child what he or she thinks the inchworm will measure next.
